Certificate of Analysis

5-AMINO-1MQ 100 mg

Cat. No:	ONX-5A1MQ-100-PEN
CAS No:	42464-96-0
PubChem CID	66522933
Chemical Name:	5-Amino-1-methylquinolinium iodide
MG:	100 mg

PHYSICAL AND CHEMICAL PROPERTIES

Molecular Formula:	$C_{10}H_{11}IN_2$
Molecular Weight:	286.11 g/moll
Storage:	Store refrigerated at 2–8°C. Protect from light. Do not freeze.
Chemical Structure:	C[N+]1=CC=CC2=C(C=CC=C12)N.[I-]

ANALYTICAL DATA

Test Items	Specifications	Results
Appearance	Finished solution — specification to be confirmed	Batch result required
Purity (HPLC):	≥99.0%	Batch result required
Identity (LC-MS)	Conforms to 5-Amino-1-methylquinolinium iodide	Batch result required

Conclusion: Final batch release is subject to confirmation of analytical results against the stated specifications.

Caution: Product has not been fully validated for medical applications. For research use only.
